

# Dirty Beating Heart

## Luxuria

I copy love really badly more often than not  
All too little I've wanted an awful lot  
So I keep blowing you up, you keep coming apart  
It's this dirty big, dirty great, dirty beating heart Dirty beating heart, I love my love for you  
Dirty beating heart, string me along  
Dirty beating heart, you are like naked cable  
You're stale, unstable  
Dirty beating heart, my carousel I'm on the trail of vapors, down a fancy colonnade  
Where ghosts of stories parade  
Accept this wanton homage, I love my love for you  
I am falling off a mountain without a view Dirty beating heart, I love my love for you  
Dirty beating heart, string me along  
Dirty beating heart, you are like naked cable  
You're stale, unstable  
Dirty beating heart, my carousel Dirty beating heart  
(I really need to carry on)  
Dirty beating heart  
(I know all too well) Dirty beating heart  
(Wanton homage, it's given gladly)  
(You copy love so badly)  
Dirty beating heart  
(How you string me along) Dirty beating heart  
My dirty beating heart  
My dirty beating heart  
My dirty beating heart  
My dirty beating heart Love my dirty beating, dirty beating  
Dirty beating, dirty beating heart
