

Kodiak

Ultimate Painting

Just leave with me
Never before have I seen
A void like this
Starring out into this wise
The eyes of suspense
Covering the lines in my hands
So kodiak

Gives up a ghost tonightbreak through right breaking in sunlight
never before have i found my way down
break through right breaking in sunlight
never before have i found my way down
just leave me be
never before have i seen
this pure scene
never not even in a dream
im staying here
staring out into the wise
yes and what a sight
as everything flips into tonight
break through right breaking in sunlight
never before have i found my way down
break through right breaking in sunlight
never before have i found my way down
