

Whiskey Makes Her Miss Me

Dustin Sonnier

He said look at that body and look at that charm
Whatâ€™s she doing in here alone, out on nobodyâ€™s arm
I think Iâ€™ve got a shot, want to buy her a drink
Something sweet or something strong man what do you think
He had no idea when I pointed at the label
It was already over when he walked to her table

Cause whiskey makes her miss me, she canâ€™t get enough
Every sip every shot every drinks a reminder
Our love is a memory she canâ€™t leave behind her
So order up another, you know I guarantee
Sheâ€™ll be leaving here alone tonight
Cause whiskey makes her miss me

Oh yea

Now itâ€™s easy to see sheâ€™s drowning her pain
What I did or didnâ€™t do is the reason she canâ€™t
A woman like that will catch any manâ€™s eye
Sheâ€™s sitting there all alone so why not give emâ€™ a try
Theyâ€™ll buy her a drink and sheâ€™ll entertain emâ€™
Sheâ€™s heard it before she ainâ€™t new to the game

Whiskey makes her miss me, she canâ€™t get enough
Every sip every shot every drinks a reminder
Our love is a memory she canâ€™t leave behind her
So order up another, you know I guarantee
Sheâ€™ll be leaving here alone tonight
Cause whiskey makes her miss me

Every sip every shot every drinks a reminder
Our love is a memory she canâ€™t leave behind her
So order up another, you know I guarantee
Sheâ€™ll be leaving here alone tonight
Cause whiskey makes her miss me

Whiskey makes her miss me
