Pray Every Day

Buck Owens

Oh, you must pray every day
Pray every day, pray to God up above
You've got to go all the way, get down on your knees
And pray, show Him all your loveWhen your life is lonely and everything is wrong
And you don't know what to do
Just get down on your knees and look up to Heaven
And say a prayer or twoOh, you must pray every day
Pray every day, pray to God up above
You've got to go all the way, get down on your knees
And pray, show Him all your loveIf old Satan comes a knocking on your door
Don't let him in, he's got his eye on you
Don't be tempted my friend 'cause all he is a sin
And he'll only bring sorrow to you
