

Somebody Somewhere

Moloko

Yeah, yeah, yeah, yeah You've got something to hide
The party is humming
Something, there's something inside
Makes you act like you're slumming All right I might give you a try
But I know that I'll live to regret it
Go on spin me a line, I have cause to expect it
Lead me then lead me astray
Romeos tend to have eyes that stray What will you say? What will you say?
What will you say when I ask you to stay? Somebody somewhere
There's more to you than meets the eye
Somebody somewhere
Somebody somewhere you left behind Sweet child learn to relax
It's already decided
Sit back don't tamper with fate
Our stars have collided Would you dance with me baby
The party is swinging
Don't just whistle the tune
When you should be singing Easy Mamasita, lay down next to me
Inside there somewhere your spirit is free
Frigid little Bridget, lay down next to me
You're shaking, you're waking, your spirit is free Somebody somewhere
There's more to you than meets the eye
Somebody somewhere
Somebody somewhere you left behind Somebody somewhere
There's more to you than meets the eye
Somebody somewhere
Somebody somewhere you left behind Your spirit is free
Your spirit is free, baby
Listen to me
Your spirit is free baby Yes my spirit is free
It just won't let me be
I'm empty, I'm hungry
My spirit is free Ready me, ready me
Ready me to receive
I believe, I believe Yes my spirit is free
It just won't let me be
I'm empty, I'm hungry
My spirit is free Ready me
Ready me to receive

I believe, I believe, I believe Your spirit is free
Your spirit is free, baby Somebody somewhere
There's more to you than meets the eye
Somebody somewhere
There's more to you than meets the eye Somebody somewhere
There's more to you than meets the eye
Somebody somewhere
There's more to you than meets the eye Somebody somewhere
Somebody somewhere
Somebody somewhere
Somebody somewhere
Somebody somewhere
Somebody somewhere
