## **Somebody Somewhere**

## Moloko

Yeah, yeah, yeah, yeahYou've got something to hide

The party is humming

Something, there's something inside

Makes you act like you're slummingAll right I might give you a try

But I know that I'll live to regret it

Go on spin me a line, I have cause to expect it

Lead me then lead me astray

Romeos tend to have eyes that strayWhat will you say? What will you say?

What will you say when I ask you to stay? Somebody somewhere

There's more to you than meets the eye

Somebody somewhere

Somebody somewhere you left behindSweet child learn to relax

It's already decided

Sit back don't tamper with fate

Our stars have collidedWould you dance with me baby

The party is swinging

Don't just whistle the tune

When you should be singing Easy Mamasita, lay down next to me

Inside there somewhere your spirit is free

Frigid little Bridget, lay down next to me

You're shaking, you're waking, your spirit is freeSomebody somewhere

There's more to you than meets the eye

Somebody somewhere

Somebody somewhere you left behindSomebody somewhere

There's more to you than meets the eye

Somebody somewhere

Somebody somewhere you left behindYour spirit is free

Your spirit is free, baby

Listen to me

Your spirit is free baby Yes my spirit is free

It just won't let me be

I'm empty, I'm hungry

My spirit is freeReady me, ready me

Ready me to receive

I believe, I believeYes my spirit is free

It just won't let me be

I'm empty, I'm hungry

My spirit is freeReady me

Ready me to receive

I believe, I believe, I believeYour spirit is free Your spirit is free, babySomebody somewhere There's more to you than meets the eye Somebody somewhere

There's more to you than meets the eyeSomebody somewhere

There's more to you than meets the eye

Somebody somewhere

There's more to you than meets the eyeSomebody somewhere

Somebody somewhere Somebody somewhere Somebody somewhere Somebody somewhere
