Problem Child

Lou Cifer And The Hellions

Well my heartbeat is running wild
Because of you my problem child
Oh-oh baby, don't be running wild
Well cool off baby, don't be a problem childWell don't you see this shakin' spree
Is bound to be the death of me
Oh baby, don't be running wild
Well cool off baby, don't be a problem childWell my heartbeat is runnin' wild
Because of you my problem child
Oh baby, don't be running wild
Control yourself, don't be a problem childWell don't you see this shakin' spree
Is bound to be the death of me
Oh baby, don't be running wild
Well cool off baby, don't be a problem childWell then I'm gone, that's all she wrote
You'll sing this same song
Oh baby, don't be running wild
Control yourself, you're a problem childOoh, Problem child, running wild
Problem child, running wild
Problem child, running wild
Problem child, running wild
Oh baby,you're a problem childSlow down girl, down
Slow down girl, down
down girl, down
Slow down girl, down.....
