All the Devil's Men

Inkubus Sukkubus

All the Devil's Men
In Christ's name they do their evil
All the Devil's Men
Still mad and medieval
With their swords and with their guns
And poisoned words upon their tongues
All the Devil's Men
Hear the children scream
For they shall teach them Christians values
Put monsters in their dreams
And subject them to pain and torment
With their straps and with their canes
They shall teach them fear and shame
All the Devil's MenIf they can't burn you at the stake
Then your children they will take
With the malice of their lies
They are here to defile
To destroy all your lives
What they do for Christ
And we are all the victims
Every man, woman and childAll the Devil's Men
Their twin gods are Christ and Satan
All the Devil's Men
Hide your babys for they shall take themWith the law upon their side
They bring death and genocide
All the Devil's Men
By the sword and by the lash
They will break you, they will take you
In the shadow of their cross
Lie the victims of their tortures
In the churches and the schools
They still take us for their fools
All the Devil's MenIf they can't burn you at the stake
Then your children they will take
With the malice of their lies
They are here to defile
To destroy all your lives
What they d,they do for Christ
And we are all the victims

Every man, woman and childAll the Devil's Men
Clutching to their dying empire
All the Devil's Men
Clutching at their blood-stained bibles
Their final days have come at last
And they shall fade into the past
All the Devil's Men!If they can't burn you at the stake
Then your children they will take
With the malice of their lies
They are here to defile
To destroy all your lives
What they d,they do for Christ
And we are all the victims
Every man, woman and child
All the Devil's men
