The Jesus Haircut

A Static Lullaby

It's time we took this holiday,
we thank you and send you our regards.
The beach is great this time of year, 4th of June.
We've seen our first sight of snow.
And it was beautiful.And you might feel that this is better way of saying
we trusted you.Praise Fuck Destroy [x4]And maybe we're saying you lost your tongue behind your plate of lie.
We know you're starving for the chance to make this right.
But the honest have let you go for breath of contract.And you might feel that this is better way of saying
we trusted you.Praise Fuck Destroy
