

# Can't Fight The Feelin'

Celine Dion

I get a little peculiar, feeling kinda strange  
I don't know what it is but I like the change  
That comes over me whenever he's around  
It's as if my feet don't even touch the ground? Cause when I'm feeling down he's there to pick me up  
When I talk too much he doesn't interrupt  
Let me tell you there's a better guy  
This is how it makes me feel inside I wanna dance

(Dance)

I wanna play

(Play)

Well, can you hear my heartbeat

(Boom, boom)

A million miles away? He won't stop

(Stop)

No, no

Till I drop

(Drop)

And every day and night he tells me

I'm so special that he never could give me up I'm hooked on a feeling, a natural high

You better believe it

And the reason why it's a thing called love

It makes me feel so alive and I can't fight the feeling Somebody told me once you only get one chance

So live your life and do the best you can

Once a day goes by you never get it back

So live every minute like it was your last Just dance

(Dance)

Come on play

(Play)

And tell somebody you love them

(I love you)

At least once a day And don't stop

(Stop)

Till you drop

(Drop)

I didn't know that once someone so special

Would come along to steal my heart I'm hooked on a feeling, a natural high

You better believe it

And the reason why it's a thing called love

It makes me feel so alive Love, love, love

And don't let it slip, that was all you need  
If you taste it once, it won't be enough I'm hooked on a feeling, a natural high  
You better believe it  
And the reason why it's a thing called love  
It makes me feel so alive and I can't fight the feeling  
(Can't fight, can't fight) I can't fight the feeling  
(Can't fight, can't fight)  
I said, no, I can't, I can't, I can't  
Can't fight the feeling, can't fight  
You better believe it, you better believe it  
Can't fight the feeling
