Walk Away (feat. Anna F.)

Parov Stelar

When you say goodbye
Will you fall apart
As it all goes dark
For me
You know being kind
Is just killing time
And it's time
I really need
Walk away and don't look back
I found a way in the pavement cracks
When you take a million mile
Walk away, lock me up
I wash away my prints of the sand
Let me fall 'cause I can't stand
In the shadows of your height
Walk away
like being river (?)
Walk away
Walk away
Walk away
like being river (?)
Walk away
Walk away
Walk away
like being river (?)
Walk away
(In the shadows of your height)
Walk away
like being river (?)
Walk awayWalk away
like being river (?)
Walk away
Walk away
Walk away
like being river (?)
Walk away
Walk away
Walk away
like being river (?)

Walk away
(In the shadows of your height)
Walk away
like being river (?)
Walk away
Walk away
(End)
