

My TV and You

VAST

My TV and you, it's the only place to be

Nothing else to do, nothing else to see

A room without a view has so much for me and you

I was born to stare at stars on ceiling wallsIt's all I need, it's all I ever needed

Until the world is goneTake me how I am 'cause you know I'll never change

I was born to stare at who stares back at me

If I make it up to that big show in the sky

All I really want is my TV and youIt's all I need, it's all I ever needed

Until the world is goneIt's all I need, it's all I ever needed

Well, for life is gone

It's all I need, it's all I ever needed

Well, for life is gone
