

The Whole Enchilada

Keb' Mo'

You been wishin'
All of your life
For a woman that'll love you
Tell the truth and treat you right
And you been lonely
Cryin' yourself to sleep
Now you got a girl who can rock your world
Put a smile on your face
And a love you're gonna keep it, now

This is the beginning
Are you ready to learn?
To love somebody for a lifetime
Wake up, it's your turn

So tell me now that you got her
The whole enchilada
Now that you got her
What you gonna do, what you gonna do?
Are you gonna be any better
Than the man you had to be to get her
Oh, now that you got her
What you gonna do, what you gonna do, what you gonna do?
Oh, yeah

Are you ready?
To get involved
Where your participation is needed
To get things resolved
We all get used to livin' by ourselves
But now you're dealing with a situation
That involves someone else

But it's about to get different
You're gonna need a new device
'Cause she's gonna open up your mind
And open up your life

So tell me now that you got her
The whole enchilada

Now that you got her
What you gonna do?
Are you gonna be any better
Than the man you had to be to get her
Oh, now that you got her
What you gonna do, what you gonna do, what you gonna do?

This is the beginning
Are you ready to learn?
To love somebody for a lifetime
Wake up, it's your turn
It's all you, babe

Tell me now that you got her
The whole enchilada
Now that you got her
What you gonna do, what you gonna do?
Are you gonna be any better
Than the man you had to be to get her
Oh, now that you got her
What you gonna do, what you gonna do, what you gonna do?

Now, now that you got her
The whole enchilada (What you gonna do?)
Now that you got her
What you gonna, what you gonna do?
Are you gonna be any better
Than the man you had to be to get her
Oh, now that you got her
What you gonna do, what you gonna do, what you gonna do?
(Now that you got her, the whole enchilada)
Whole enchilada
Tell me, now (now that you got her)
What you gonna do, what you gonna do?
Are you gonna be any better
Than the man you had to be to get her...
