Ask DNA

The Seatbelts

Gummed up, brain dead and can't decide
You can't pray enough, you can't hide
You can be cool or you can cry
Do it wrong, not it all or do it rightNo one owes you, no one's to blame
Save for bad genes or DNA
Ask your conscience the why and how
Do it then, do it when but do it nowWhat's up sweet cakes? Who's hip anyway?
Earthgirls are easy
What you gonna do lil' buckaroo?
(Hey you, you better ask her nice)
All you gotta do, happy fool, is ask your momNo we all can't be Superfly
You can pretend or you can try
Move ahead
Lay down dead or slip on byWhen the truth seems so farway
Buddha loves you and Jesus saves
You need answers for your dismayAsk yourself
Ask your mom
Ask DNAWhat's up sweet cakes? Who's hip anyway?
Earthgirls are easy
What you gonna do lil' buckaroo?
(Hey you, you better ask her nice)
All you gotta do, happy fool, is ask your momKamakamakama, ask your mama
Super groover mama Dahli Lama
Kamakamakama, ask your mama
Super groover mama Dahli LamaWhat's up sweet cakes? Who's hip anyway?
Earthgirls are easy
What you gonna do lil' buckaroo?
Come onWhat's up sweet cakes? Who's hip anyway?
Earthgirls are easy
What you gonna do lil' buckaroo?
(Hey you, you better ask her nice)
All you gotta do, happy fool, is ask your mom
