

# Christmastime (Oh Yeah)

## Barenaked Ladies

Now that all the snow has fallen  
It's crunching below my feet  
And all the Christmas lights are shining  
On houses up and down my street  
And I can see the happy families inside  
If only for a moment It's Christmas time  
I think I see the children down the street  
Here they come caroling  
Now I can hear them, they sing  
Ohh yeah Mr. Johnson got a Christmas tree  
He set it up with his family  
They're opening their presents big and small  
Mr. Johnson got a big, brown, bowling ball  
Sally got a pair of brand new skates  
And Jimmy got a box of frosty flakes  
He knows that there's a special little prize inside  
What a happy moment It's Christmas time  
The carolers are standing in line  
They sing  
Ohh yeah  
Oh yeah
