

# Cadillac

## Lit

Yeah, I want to write this song about my Cadillac  
'Cuz ther're, so fuckn' cool  
The nineteen sixties  
I don't care if I get eight miles to the gallon  
Caddys are the shit, next one's a sixty one 'cuz I love fins  
Me and all my friends can fit and shotgun don't mean dick  
'Cuz every seats first class, throw in for gas  
We'll take it to Vegas  
We're ridin' like Elvis, a cop in the truck  
We got to fill again down at Rip's  
I am proud to be American  
When I see the chrome and fins  
I think the the wreath and shield should be on the flag  
Caddys are bad ass  
I Need to get some more how about a sixty-four  
'Cuz I love fins
