

# Crucified

## Accept

Life is like a slot machine  
Nothing's guaranteed  
You might give your soul away  
To cut yourself a deal I really hate uncertainty  
Will I win or lose Ain't nothing but a game  
going insane - roll the dice again  
Crucified - deep inside  
I'm feeling crucified Life is like a lottery  
Can I ever win  
Will it be another one  
or me - who's cashing in Ain't nothing but a game  
going insane - roll the dice again Crucified - deep inside  
I'm feeling crucified
