# Just One Of Those Things

## Meg & Dia

Give me a minute
I need a second
Got to breathe there
It's Just one of those thingswish I could tell you
How much I need you
And how much you
need me to goPlease don't listen
to what I'm gonna tell you
Look in my eyes and know
I simply had to give up
But I didn't let go without struggle
you know, I still love you
It's just, just one of those thingsI know I made it seem
Like all was written down
And I hid all my pain
And now I bring it outAnd you'll be scared at first
'cause it's such an ugly blow
I don't know which is worse
to learn or not to knowPlease don't listen
to what I'm gonna tell you
Look in my eyes and know
I simply had to give up
But I didn't let go without struggle
you know, I still love you
It's just, just one of those thingsPlease don't listen
to what I'm gonna tell you
Look in my eyes and know
I simply had to give up
But I didn't let go without struggle
you know, I still love you
It's just, it's just one of those thingsI tried to tell you a million times
That you have always been one of us
I tried to tell you a million times
You have always been one of usPlease don't listen
(I tried to tell you a million times
That you have always been one of us)
Please don't listen
(I tried to tell you a million times
That you have always been one of us)

Please don't listen....
