How Do I Love Her

Steven Curtis Chapman

Well You know it's not the first time
And it will not be the last
When You find me here on my knees
Praying for the storm to pass
But what I am really needing
Is much more than just relief
I am crying out for wisdom
Only You can give to me
'Cause it's such a mystery
I'm a clueless man when it comes
To knowing how to love a woman
How do I, I love her?
How do I, I let her know she means
More than anything to me?
How do I love her?
How do I love her, love her?
Out of all the gifts You've given
Besides the very gift of life
There is none as precious to me
As the treasure of my wife
And still all the love in my heart
Is like a raindrop to the sea
When compared to Your love for her
And that's why I'm asking please
Will You teach me what she needs?
I'm an earnest man when it comes
To learning how to love this woman
How do I, I love her?
How do I, I let her know she means
More than anything to me?
How do I love her?
Well I know it's gonna take a lifetime
To answer this prayer I pray but that's okay
'Cause I've given You and her my lifetime anyway
How do I, I love her?
How do I, I let her know she means
More than anything to me?
How do I love her?
How do I love her, love her?

Tell me please, how do I love her?
How do I love her?
Won't you tell me? Tell me please
How do I love her? Tell me please
Tell me, tell me, tell me
How do I love her? How do I love her?
How do I love her, love her, love her, love her?
