

Falling Slowly (te Prometo)

Il Divo

Of your kisses
I am a prisoner
Kiss me back

I never felt
Something like this
Let me love you

I'll never leave
I'll protect you, I can swear

I promise you today
My heart
My eternal love

I promise here
Today in front of you
How I love you

I miss you
Like the water
Like breathing

I love you
And by your side
I shall always be

I'll never leave
I can swear I'll protect you

I promise you today
My heart
My eternal love

I promise here
Today in front of you
How I love you

I promise you
I shall adore you
