Forgotten But Not Gone

Utopia

She's been good to me
She's been as kind as a girl can be
But I get the feeling
She thinks that certain something is goneIt's the little things
Like the words to the songs she sings
Are a little different
And I can tell that I'm not the oneIt's just a matter of time
Forgotten but not gone
I'm the invisible guy
Forgotten but not goneIt was my mistake
'Cause I gave less than I could take
And I never noticed
She wanted something I didn't haveAnd my roving eye
Drove her off to another guy
Now she doesn't see that
To keep from crying I've got to laughAnd it's so hard to believe
When I call her, she turns away
Like she don't see me at allAnd it's so hard to believe
All that water under the bridge
Don't count for nothing at allIt's the same old line
Out of sight and you're out of mind
But I never thought that
I'd see the day when she didn't careBut the joke's on me
I came home yesterday to see
Them in bed together
And making love like I wasn't thereIt was a matter of time
Forgotten but not gone
I could have rolled up an died
Forgotten but not goneI'm the invisible guy
Forgotten but not gone
