

Destroyer

Vassago

[Music: Pepa, Bloodlord]

[Lyrics: Sin]The evil-creator gave me the power

He gave unto me the storms and the winds

He gave me the power to reign

And he wants me to destroy the world of godDestroyerI gave this world a stormwind of hell

And i gave this world a raging thunder

I spread the virus of death with my breath

I make the fucking world suffer in painDestroyerI suffocate the air

I burn the oceans dry

I drown the earth in blood

And I nail your god once again[Lead: Suckdog]Destroyer!
