I Engineer

[Bangbros](#)

Don't count on me, I engineer
On every move we make from here
I'll take the lead, you take the pain
You see, I engineered this gameWho do you think you fool when you talk about us?
Why do you walk on glass when you know it cuts?
There must be a reason why
You put my life in overdrive
I'm up to here with push and shove
From here on in, I've had enoughDon't count on me, I engineer
On every move we make from here
I'll take the lead, you take the pain
You see, I engineered this gameI'll leave it all behind in a cloud of dust
There's an even chance, I'll shine or rust
On my own I've got the time
There's a light ahead at the end of the line
Seeing you leaves me no doubt
I'll take the wheel from here on outDon't count on me, I engineer
On every move we make from here
I'll take the lead, you take the pain
