Cropduster

Pearl Jam

Light green to green, dark green, brown..
Every life is falling down
Brown to black, it's coming back
Dies to be part of the ground
Seed to seedling, root to stemEyes, no eyes, there's no difference,...
Every life is looking in
Swallowing seeds on the deathbed,...
Dig a hole in,... the garden.Everyone is practicing,...
But this world's an accident.
I was the fool because I thoughtI thought the world
Turns out the world thought me
It's all the other way round
We're upside downDaddy's gone up flames,..
But this ain't no movie
This ain't no book you can close
When the big lie hits your eye.Everybody's practicing,....
Our world's an accident
I was the fool because I thoughtLet the fluence sat it down.
There's an upside of down.The moon is rolling round the world.
