

# Lies

## Shed Seven

I know tomorrow won't be the same  
I've seen the future and I saw who's to blame  
Left nothing here for me  
I've seen the future but I can't see you  
I've seen through Everything that you said I could say you're liar  
Everything that you do I could say you could try  
A little bit moreEvery day will be like the last  
Who are you to think it will pass?  
Take care of everything  
I've seen the future but I can't see you  
I've seen through Everything that you said I could say you're liar  
Everything that you do I could say you could try  
A little bit more
