

# Runnin

## Colbie Caillat

I've been runnin' to river all alone  
Keep on climbing 'cause it's what I've known  
I was waiting for something real to start  
Almost dreaming up full bad of my heart Watching my life from a window seat  
The miles are taking their toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by, till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you  
Yeah Now I'm sailing as far as I can see  
Was against the wind but now it carries me  
I was waiting for something real to start  
Glad I left some room here for yours Watching my life from a window seat  
The miles are taking their toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by, till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you  
Yeah Oh, listen to your heart when you need more loving  
Take another chance when you need rush in your bones  
You're not alone  
Oh, if you start to feel like you can't stop runnin'  
Find another place that you feel like calling home, call it home  
Yeah yeah  
Oh, yeah, yeah, yeah, yeah, yeah, yeah Watching my life from a window seat  
The miles are taking their toll of me  
I thought my days on the road were through  
Till I started runnin' it with you  
Life was slowly passing by, till I had you by my side  
I thought my days on the road were through  
Till I started runnin' it with you We're runnin'  
We're runnin'  
Uuuh uh uh uh  
I'm runnin'  
I'm runnin'  
I'm runnin'  
I'm runnin'

With you
