

# maybe

## Machine Gun Kelly & Bring Me The Horizon

That's hard, two, three, five

Maybe if I had something to say

Butterfly effect from the last three days, now

Maybe if I had something to save

I used to have a soul until I threw it away

There's shadows on the wall, wish I would've ran (yeah)

Gotta get away, I hope you understand (yeah)

I try to hide my face like a wanted man (yeah)

Maybe I'll be gone before you count to ten, huh

I made up my mind this evening

I'm taking the last, I'm taking the last

Drink while my conscious eats me

I'm taking the last, I'm taking the last

I'm ready to let you go

I'm ready to let you go

I'm ready to let you go

This time is the last

This time is the last

Maybe if we went another way (another way)

I wouldn't be regretting the decisions that I made, ah

I don't want to spend another day (another way)

Looking for somebody that I know I can't replace

My tears fall, you don't miss me

Put me out my misery

Think my heart is history

I think I'm broke and nothing can fix me

I made up my mind this evening

I'm taking the last, I'm taking the last

Drink while my conscious eats me

I'm taking the last, I'm taking the last

I'm ready to let you go

I'm ready to let you go

I'm ready to let you go

This time is the last

This time is the last

Yeah, maybe (woah-woah-woah)  
We were built to fall apart (woah-woah-woah)  
But I can't feel you now (woah-woah-woah)  
And it's too late now there's no point screaming (woah-woah-woah)  
Dug your grave, so fuck your feelings (woah-woah-woah)  
No one's here so now you're on your own (woah-woah-woah)

I made up my mind this evening  
I'm taking the last, I'm taking the last  
Drink while my conscious eats me  
I'm taking the last, I'm taking the last  
I'm ready to let you go  
I'm ready to let you go  
I'm ready to let you go  
This time is the last  
This time is the last
