

I Got A Feelin'

Billy Currington

I don't want to rush this thing
I don't want to jump the gun
I really want to say those three little words
But I'm gonna bite my tongue
Yeah, I'm just gonna lay on back
Leave it on cruise control
I'm gonna hold it all inside
till the right time comes down the road I gotta feelin'
My heads a reelin'
My hearts a screamin'
I'm about to bust loose
Bottled up emotion
It's more than a notion
It starts with an I and ends with a you
I gotta feelin'
Are you feelin' it too? I guess I've always said it now
So much for hopin' you'd go first
Don't leave me hangin' out here on the line
baby it's your turn
Say you couldn't sleep last night
Swore that you could feel me breathe
That you want me there by your side
Yeah baby I know what you mean I gotta feelin'
My heads a reelin'
My hearts a screamin'
I'm a bout to bust loose
Bottled up emotion
It's more than a notion
It starts with an I and ends with an you
I gotta feelin'
You're feelin' it too Bottled up emotion
It's more than a notion
It starts with an I and ends with an you
I gotta feelin'
You're feelin' it too
You're feelin' it too
Yeah, you're feelin' it too
You're feelin' it too
Oh yeah
