

# Gunhild (feat. SoKo)

## I'm from Barcelona

I know that you are hiding in there  
I know that you are hiding in there  
Can I let you out? And if I let you out  
Is it okay if I let you out?  
If I let you out just for a while  
Is it all right? If I let you out  
Is it okay if I let you out?  
If I let you out just for a while  
Is it all right? 'Cause it's only water in your eyes  
And it's only words out of my mouth  
It's only me out here tonight  
It's only you I wanna find It's only water in your eyes  
It's only words out of my mouth  
It's only me out here tonight  
And it's only you I wanna to find It's only water in my eyes  
It's only words out of your mouth  
It's only me out here tonight  
It's only you I want to find I know that you are hiding in there  
I know that you are hiding in there  
Can I let you out?
