

# Greater Than Your Love

## Elevation Worship

What would the King of all  
Want with this broken heart  
Why would He take the fall  
Knowing us as we are  
Glory beyond the shame  
Healing beneath the scars  
Nothing remains the same  
Now that we've seen your love Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
No matter where I run  
There I will find your grace  
Mercy has made us one  
Never to separate  
Power beyond the grave  
Freedom beneath the cross  
Nothing remains the same  
Now that we've seen your love Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
There is no fear  
And no shame  
Your love won't rise above  
Every failure sealed  
Within your grave  
For love has overcome  
There is no fear  
And no shame  
Your love won't rise above  
Every failure sealed  
Within your grave  
For love has overcome  
There is no fear

And no shame  
Your love won't rise above  
Every failure sealed  
Within your grave  
For love has overcomeGreat is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love  
Great is your love  
Nothing is greater than your love
