

Anyone

Athenaeum

It's very very necessary
To take things as they come
 No hurry
 Don't get yourself worried
I know you're not that dumbOh, anytime you want
 I'll be there for you
 Anywhere you are
 Is where I'm running to
 And anyone would agree
 I'm so right for you
AnyoneIt's easy, it's so very easy
 So why are you so sad
 Take all your problems
 Know that you can solve them
It might not be that badOh anytime you want
 I'll be there for you
 Anywhere you are
 Is where I'm running to
 And anyone would agree
 I'm so right for you
AnyoneOh anyone you want
 I'll be there for you
 And anyone would agree
I'm so right for youOh anyone you want
 I'll be there for you
 Anyone
