All That I Need Is To Be Loved (live At The Splash

Moby

All that I need is to be loved
Can't you take this out of me?
All I want is to be near you
Oh my God, how can I love thee?
All that I need is to be loved
Can't you take this out of me?
All I want is to be near you
Oh my God, how can I love thee?
Oh my God
No one other will need what I need
No one other can feel what I must feel
All that I need
All that I need
All that I need
All that I need
All that I need
All that I need
All that I need is to be loved
