Someday

Deep Blue Something

When will this be done
Well, it won't be my sonWe all did it, so do itSomeday, someday
And no one said this would be fun
She will show me, she will show meThe easy wayCHORUS:Someday we'll fly highBut not for the best days of your lifeAnd don't ask me, don't ask me whyWe all did it, it must be rightI see these people everydayAnd some I like and some I seem to throw awayDon't push it, don't push me
And with her everything's okayCHORUSSomeday, somedayShe will show me, she will show meThe easy wayCHORUS
