

Creepin'

Luther Vandross

And its gonna be tonight, yeah I can hear you sighing
Say you'll stay beside me
Why must it be
You always creep into my dreams, hey hey Oh-oh-oh, love each way you're sitting
Huggin and squeezing
Why must it be
You always creep into my dreams
My, my, my, my dreams When I sleep at night, baby
I feel those moments of ecstasy
And when you sleep at night, baby
I wonder do I creep into your dreams
Or could it be I sleep alone in my fantasy Oh, love is so amazing
Guess you will be stayin'
So let it be
You always creep into my sho nuff dreams
(Creep, creep) But night time is the right time dream
(Creep, oh, right time)
Again
(She creep) I can see you walking down the street
You don't have to walk
(You creep)
Into my sho nuff dreams
Yeah, dreams, yeah
(You creep) Creep creep
Creep, creep, creep, creep
Creep
(Two times)
Creep, creep Yeah, everytime I close my eyes
(She creep)
Now sing it for me four times
(Creep, creep, creep, creep) Creep, she creep
Creep, creep, creep, creep
She creep
