

The Way I Lean

Cali Swag District

I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
Watch the way I lean, watch, wath the way I lean
Left, right, watch the way I lean
Left, right, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I got em swanging back and forth like a choochoo clock
Got everybody taking shots like they hoop a lot
Pills and molly, make it pop
But 2 cups make it fucking body rock
Hah, 2 hoes and they on me
If we ain't on the same fucking page, then they gonn leave
I love a hood bitch with a long weave
That give crew love, we can pass her to the whole team
2 cups and my eyes low, this all day so time slow
My mind state is oho, like god damn I'm slow mo
I'm leaning but no whine no,
Stereophone I buy note
Like 2 cups I buy those, 2 chains no ring stones
Ah, fly nigga, but I'm leaning though
My whole team winning, charlie sheening hoe
Rock inside the chain swinging bro
Now your bitch on me but I don't need it though
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
Watch the way I lean, watch, wath the way I lean
Left, right, watch the way I lean
Left, right, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
This club got me leaning like scholyosis
2 cups, 2 blunts, that's my daily doses
Watch me lean like Arlene I'm a ropo dope it
I'ma let the blunt dry, leave her pussy smoking
Lean into the left with me, lean into the right with me

I let her know we off top, that she can spend the night with me
You can be my wife to be, cut it out, surgery
See it's d gang, gang girl I know you heard of me
Ha, and it's too slow to hit your ricky
And I never walk around with my stereophone empty
Loud packs, no skimpy, big tats, got plenty
Big racks, no panties, hood rats know plenty
No chase the hen, hoes jump straight in
No sleep all night, lean to the am
Good girl stay in, sweet dreams, amin
Take a cup lean with us cause we ain't saving! I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
Watch the way I lean, watch, wath the way I lean
Left, right, watch the way I lean
Left, right, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way I lean
I'm off a 2 cups, now watch the way i lean
