

Get Strict

Yip Deceiver

They're only words
No calling back on the way
And so I'll wait on the rest
Cause you will come back to me
Uh huh
I got a little bit of feeling
When you looked my way
That way
Or so I'll say
This only works
Cause oh we're so alchemy
Oh you don't know what that means?
Well check it out
I need a lover to get me through the haze (through the haze)
Come on, come on
You've got to get strict
I'll do whatever to get rid of these lazy days
Come on, come on
You've got to get strict
Another lover to get me through the haze
Come on, come on
You've got to get strict
Defend this game, I must admit it's fun to play
No harm, no work
It's all the same.
We stripped away
The doors unlocked, you know the way
But I wanna hear you say my name
I see your tally, all your work is so complete
You never really had to try
To turn me on
Your words are just formality
Come and see
I need a lover to get me through the haze (through the haze)
Come on, come on
You've got to get strict
I'll do whatever to get rid of these lazy days
Come on, come on
You've got to get strict
Another lover to get me through the haze

Come on, come on
You've got to get strict
