Letters to Cleo

Started out with defeat
Everyone was asleep
And now you know that
It's time to make up your mind like meNow I'm not one to complain
But you're driving me insane
And now you know that it's time
To make up your mind like meJennifer, Jennifer, Jennifer
Open up your doorIf there could be last bliss
Well here's the one you missed
And now you know that it's time
To make up your mind like meJennifer, Jennifer, Jennifer
Jennifer, Jennifer, Jennifer
Open up your doorJennifer, Jennifer, Jennifer
Open up your doorStarted out with defeat
Everyone was asleep
And now you know that
It's time to make up your mind like me
It's time to make up your mind like meJennifer, Jennifer, Jennifer
Jennifer, Jennifer, Jennifer
