Bravo

The Apex Theory

This knots easy
The very third house
See the light through
Threw out the last ouchMuch wasn't real
Amongst hierarchy fields
Sure we'll travel together
But socialites have beautiful skinBravo, bravo
Your fourth missed rest
Generations misled
Fantasy island remembers me
Shame for the ordinaryGlobal warming upon us
Inspire yourselves position up
Once in a lifetime attempting
You can trust the sun
Apples don't mean a thing
If they don't mean to me
Although breakfast's free, it's also free to meBravo, bravo
Your fourth missed rest
Generations misled
Fantasy island remembers me
Shame for the ordinaryBravo, bravo
Your fourth missed rest
Generations misled
Fantasy island remembers me
Shame for the ordinaryIt's about time, it's about time
It's about time, it's about time...
It's about time, it's about time
It's about time, it's about time...It's about time, it's about time
It's about time, it's about time...
It's about time, it's about time
It's about time, it's about time...Bravo, bravo
Your fourth missed rest
Generations misled
Fantasy island remembers me
Shame for the ordinaryBravo, bravo
Your fourth missed rest
Generations misled
Fantasy island remembers me
Shame for the ordinaryYou can't buy class

Nor does it wear you
It's something we find in ourselves
Issues...Read on far enough
Create your own
React on instinct
Predict and grow
