

# Show Me

## Garbage

You could hear long before you could dream

You could walk

You could run long before you could sing

You could talk

Think about all the things you never say

And spit them out

And show me

Show me how

Show me

Show me who you are

Show me

Show me now

It's not as easy as it seems

The world is big

The sea is deep

There is no rope

There is no line

We're specs of dust up in the sky

There is no space

There is no time

There's only you and what we leave behind

Show me what we leave behind
