

Whole World Is Watching (Hydra Live)

Within Temptation

You live your life
You go day by day
Like nothing can go wrong
These skies are made
They're changing the game
You learn to play it hard And I know you wish for more
And I know you try
And I hope you realize
You know the time is right The whole world is watching when you rise
The whole world is beating for you right now
Your whole life is flashing before your eyes
It's all in this moment that changes all What are you waiting for?
What are you fighting for?
'Cause time's always slipping away
The whole world is watching
The whole world is watching
You and you rise. You build your walls
Then break them away
'Cause that is what it takes
You saved yourself
You found who you are
And that never goes away And I know you wish for more
And I know you try
And I hope you realize
You know the time is right The whole world is watching when you rise
The whole world is beating for you right now
Your whole life is flashing before your eyes
It's all in this moment that changes all What are you waiting for?
What are you fighting for?
'Cause time's always slipping away
The whole world is watching
Yeah, the whole world is watching
You and you rise Your sacrifice comes through your mind
But nothing is wasted
You made it now
You rise again, breaking out
He said that you're taken you paid the price The whole world is watching
The whole world is watching
The whole world is watching

You and you rise What are you waiting for?
What are you fighting for?
'Cause time's always slipping away
The whole world is watching
Yeah, the whole world is watching
You and you rise
