

Shoulda Known Better

Hold for Swank

Woke up with you back in my bed
We broke up, how'd this happen again
I always end up lettin' you in
When I start drinkin', not thinkin'
I should've listened to all of my friends
Same road and the same dead ends
How I'm lovin' while she pretends
So I keep drinkin', not thinkin'

Bridge:

First love is hard enough
Even worse to give it up
I can't forget her when she's gone
But she can't leave when I'm holding on

Chorus:

So what can I say, I made a mistake
This time, you'll never change
You're nothing but trouble and I shoulda known better
It's always the same, I'll take the blame
This time, I'll never change
You're nothing but trouble and I shoulda known better
Girl I shoulda known better
Every time that I start to forget
I drive by the spot where we first met
You had nothin' on underneath that dress
We were just drinkin', not thinkin'
Just two kids it was way too soon

We didn't realize what we had to lose
No way to know we wouldn't make it through
Didn't know we'd end up sinking

Bridge:

First love is hard enough
Even worse to give it up
I can't forget her when she's gone
But she can't leave when I'm holding on

Chorus:

So what can I say, I made a mistake
This time, you'll never change
You're nothing but trouble and I shoulda known better

It's always the same, I'll take the blame
This time, I'll never change
You're nothing but trouble and I shoulda known better
Keep leavin' me with nothin'
Someday I'll learn my lesson
Right now I'm losing this fight
Lust ain't the same as trusting
Can't figure out this love thing
Guess it ain't happenin' tonight, whoa oh oh

Chorus:

So what can I say, I made a mistake
This time, you'll never change
You're nothing but trouble and I shoulda known better
It's always the same, I'll take the blame
This time, I'll never change
You're nothing but trouble and I shoulda known better
