Bloodthirst

Bewitched

We haunt in the Night
With fangs sharp as knifes
Nocturnal eyes, shimmering bright
As We steal away your livesSlashin' - Bashin' - Your soul We'll rip
Trashin' - Dashin' - Your throat We'll slitBloodlust
BloodthirstAs Midnight strikes
And the Moon is on the rise
We hunt for Blood, that's what We like
we'll grin as the mortal man Dies
