## Souljahz

Drop track not for money or fame after this  
Y'all gone know the name its Nureaumerica  
Party time you can tell when the cars fill the parking lot  
And the beats so bangin' you dont want it to stopHuh, I know how you feel when T-boy prepares the track for  
my grill  
I asked G-Hydro to spot me a dollar then I roll  
To Juanbertos to get my horchata  
Im a keep it real, dont care how you feel  
I'm here to change the way you think not to make a millMoney only last so long like a played out song  
But when you walkin' right you cant go wrong  
So all my SoulJahz in or out the game put your hands in the air  
And praise boost his name, and adjust your transmission  
'Cause the words comin' outta the mouth of this Christian, uhJubilee, everybody sing with me  
Jubilee, everybody dance with me  
Jubilee, finally I've been set free  
I'm free, free, yeah, yeah, yeahAy yo I go by the name of Joshua,  
Hypnotically pronounce it with the yes yall  
Move yo feet when your the beat drop as  
The heat drops to the floor go the world beggin for moreSee I said it before time to settle the score

What your name is, where you came from?  
What gang you bang with?'Cause in the end you answer to the same King that I do  
Shoot one at Him and catch five back inside you  
So put your guns away, sheath your swords  
Heed the force let it be with you, power to my peopleOr better yet power to my Souljahz around the globe  
Holdin it down, I see yall, holdin yo crown  
Explodin my sound and never stop until they send
