Tears

Asia Cruise

What are you doing?
How did we get here?
What is this feeling?
Tell me its mine.
Where did you take me?
I wanna stay here.
What I been missin, all of this time.
And as I whisper in your ear,
something has changed and I'm unclear.
Touchin' and kissin'
My body feels different
I've lost my senses...
[Bridge]When you find the right spot and take control,
when you lock on me and you don't let go.
I wasn't ready for, all that you had in store
Baby I want more, and more and more!
I don't know!
[Chorus]What have you got in you? Makes me emotional
What is it that you do,
to bring me to tears, tears (cause I'm cryin)
You got me in tears, tears
Boy you make me feels sooooo

I can't describe this mood (I feel so vulnerable)
What is it that you do,
to bring me to tears, tears (got I'm cryin)
You got me in tears, tears
You got me in tears.
You got me so high
I'm in a rush here.
Please baby take me, I wanna gooooo
Whats happenin now? My visions unclear
Far from physical, you touch my soulll.
[Bridge 2]Dont bring me down just leave me here.
No other feeling can compare!
Touchin' and kissin'
My body feels different
I've lost my senses...
[Chorus]Hold me baby dont let go!

I'm speechless baby, I dont know
What you doin to me, but dont stop!
What you doin to me, doin to me!!
[x2][Chorus]
