

Just When I Thought It Was Ending

Erasure

How was I to know you wouldn't show?
I gave it all I could it wasn't good enough.

And I do care

For my life.

And I do swear

That I'll survive.

Just when I thought it was ending,

I could feel you,

Just when I thought it was ending,

I could feel you,

It's just a matter of time,

And only time

will heal you,

Just when I thought it was ending,

I could feel you.

Tell me can I feel you?

It was meant to last and then it disappears,
Just like a photograph of losing innocence.

I did not mean

To hurt you so.

That was the last thing in my mind

I'd ever do.

Just when I thought it was ending,

I could feel you.

Just when I thought it was ending,

I could feel you.

It's just a matter of time,

And only time

will heal you.

Just when I thought it was ending,

I could feel you.

How was I to know,

You wouldn't show?

How was I to know,

You wouldn't show?

Just when I thought it was ending,

I could feel you.

Just when I thought it was ending,

I could feel you.
It's just a matter of time,
And only time
will heal you.
Just when I thought it was ending,
I could feel you .
