

# Up Where We Belong

**Jennifer Warnes**

Who knows what tomorrow brings  
In a world, few hearts survive  
All I know is the way I feel  
When it's real, I keep it aliveThe road is long  
There are mountains in our way  
But we climb a step every dayLove lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the world below  
Up where the clear winds blowSome hang on to used to be  
Live their lives, looking behind  
All we have is here and now  
All our life, out there to findThe road is long  
There are mountains in our way  
But we climb them a step every dayLove lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the world below  
We know, up where the clear winds blowTime goes by, no time to cry  
Life's you and I, a live todayLove lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the world  
We know, where the clear winds blow
