

Just a Memory

Kelley Jakle

No sun in the rain, you held my hand
Now I'm still trying to let it go
It fits so well, that's what you told me
Months ago

You lend me your love, but I gave you my heart
It was yours to keep
And now in your place is somebody's face
Not the boy you used to be to me

(It's just a memory)
It's just a memory
(It's just a memory)
Now the smile that saved me breaks me apart
(It's just a memory)
Never thought that you would be breaking my heart
(It's just a memory)

Your pictures have been put away
No broken pieces of a first love
I can't bring myself to erase you, to hate you
I just don't know you
How, how do you feel now? Do pictures make you smile,
Do they make you regret?
Or did you forget how good,
How good our love could be?

(It's just a memory)
It's just a memory
(It's just a memory)
You're the boy who saved me, now you're breaking my heart
(It's just a memory)
How can you fall in love and watch as I fall apart?
(It's just a memory)

It's taking time to see, but I'm starting now to believe
(And there ain't nothing you can do about it)

(You're just a memory)
You're just a memory

(You're just a memory)
I don't need you anymore
(You're just a memory)
It doesn't matter anymore
(You're just a memory)
I can't bring myself to erase you, to hate you
(You're just a memory)
You're just a memory...
