

Jetpacks Was Yes!

Periphery

These walls of time release
My eyes move like the drift
The cries, they resonate within
The fabric tears before me
Break ties between the kin Reaching for a way out of this dream
I waste my breath ascending
Fears lead me astray
The past brings them to be
Whats left to carry me But a memory
The dream endures these lies
Forever at the edge, left surviving alone Whats left as I wonder
I've found a world where I am free
Inside that which is truth The ground upon which I have grown is not the same
The fears, they've fallen away
Presently I've found I am not alone in a world of infinity sewn Perceive beyond the seam
A soul evolves as one
