One Day (feat. Raphael Saadiq)

Larry Graham & Graham Central Station

Your love Means so much to me girl
And your kiss, oh baby Means so much to me
Your touch, your touch Your tender touchEverytime you leave You leave me wanting
Everytime you leave You leave me wanting
Everytime you leave You leave me wanting
More and more and more and more and moreIf my love, if my love Means so much to you
Then why, then why Then why love
Do you do the things you do
And my kissEverytime you leave I leave you wanting
Everytime you leave I leave you wanting
Everytime you leave I leave you wanting
More and more and more and more and moreI'm talking bout Your love, love, love, love, love
And what it means to me Your love, your love, your tender love
And what it means to me And your kiss, your kiss, your kissEverytime you leave You leave me wanting
Everytime you leave You leave me wanting
Everytime you leave You leave me wanting
More and more and more and more
