

# Lifesaver

## Cherub

I know you wanna make up for last time  
I'll let you know when it's alright  
I know you feel like you've fallen behind  
But you've been right by my side(Oh) I bet you think you're doin' a favor  
(Oh) I bet you think that you're my lifesaver  
I just want to let you know  
I'm glad to finally see you goThis is how you know  
When you're feelin' out of place  
When your palms are sweaty  
And don't know what to say  
Think that they're all judging  
But feel the same way  
They just want to be free  
So open up their cage  
And do 'em a favor  
(Yeah aye oh tell 'em, tell 'em, tell 'em)  
You can thank me later  
(Ohhh oh aye aye tell 'em, tell 'em, tell 'em)(Oh) I bet you think you're doin' a favor  
(Oh) I bet you think that you're my lifesaver  
I just want to let you know  
I'm glad to finally see you goI know you think you're doin' me a favor  
Glad to finally see you go  
You think you're doin' me a favor  
Everyone's glad to see you go(Oh) I bet you think you're doin' a favor  
(Oh) I bet you think that you're my lifesaver  
I just want to let you know  
I'm glad to finally see you go
